

Elm in fair condition  
but likely to die of  
Dutch Elm disease so  
could be removed  
before it gets bigger

Suppressed Rowan  
can be removed

2 Norway Maples  
in good condition  
- should be kept  
could crown lift  
and remove some  
limbs

limb in good condition  
with well-balanced crown.  
Included bark may cause  
future problems.  
Suggest crown lift

Suppressed Rowan  
can be removed

re-growing sycamore  
stump should be removed

Cherry in good state  
Suggest mulching  
around base

Low Sycamore  
growth can  
be removed  
to avoid large  
oppressive tree  
in future

Oak in poor condition  
but no need to remove  
if people are kept at  
a safe distance

Dead Spruce  
should be removed

Hedge needs winter  
management exercise  
to remove weed growth  
and allow re-planting  
in gaps. Community  
could work with  
Amenity Services

Opportunity to plant  
trees in hedge line

Boundary  
trees in  
good health

Boundary trees in good health
